Welcome to AUDAX United Kingdom

Audax United Kingdom is the foremost long-distance cycling association in the UK. We oversee the running of long-distance cycling events, and, using a system of timed checkpoints, validate and record every successful ride.

To join AUDAX UK please use the online application form. It's simple to use, and allows you to join instantly by paying online. If you prefer not to pay online then please complete the application form, print out a copy and send it to us in the post. Full details are on the form.

At the moment a new annual membership includes both the remainder of 2009 and the whole of 2010.

If you want to know more about Audax in general, take a look at our Frequently Asked Questions page. For membership information take a look at our Membership FAQ, or our Membership Information page.

Why does AUK need a new website?

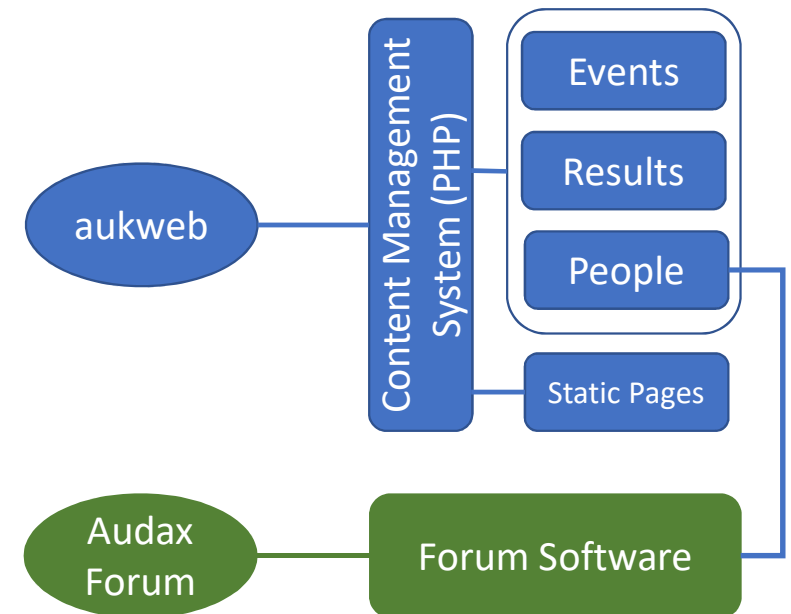

- Aukweb has grown over a period of years and is difficult to maintain and modify.
- Aukweb is based on an old version of PHP. Upgrading to a new version is a big job.
- Aukweb is complex, and needs a lot of time from skilled individuals.
- AUK is very fortunate in having had volunteers supporting the site, but this can not continue.

The Strategy

- Commercial provider
- Not BIG BANG
- Gradual change
- Preserve the fall back path
- Minimum amount of change to aukweb

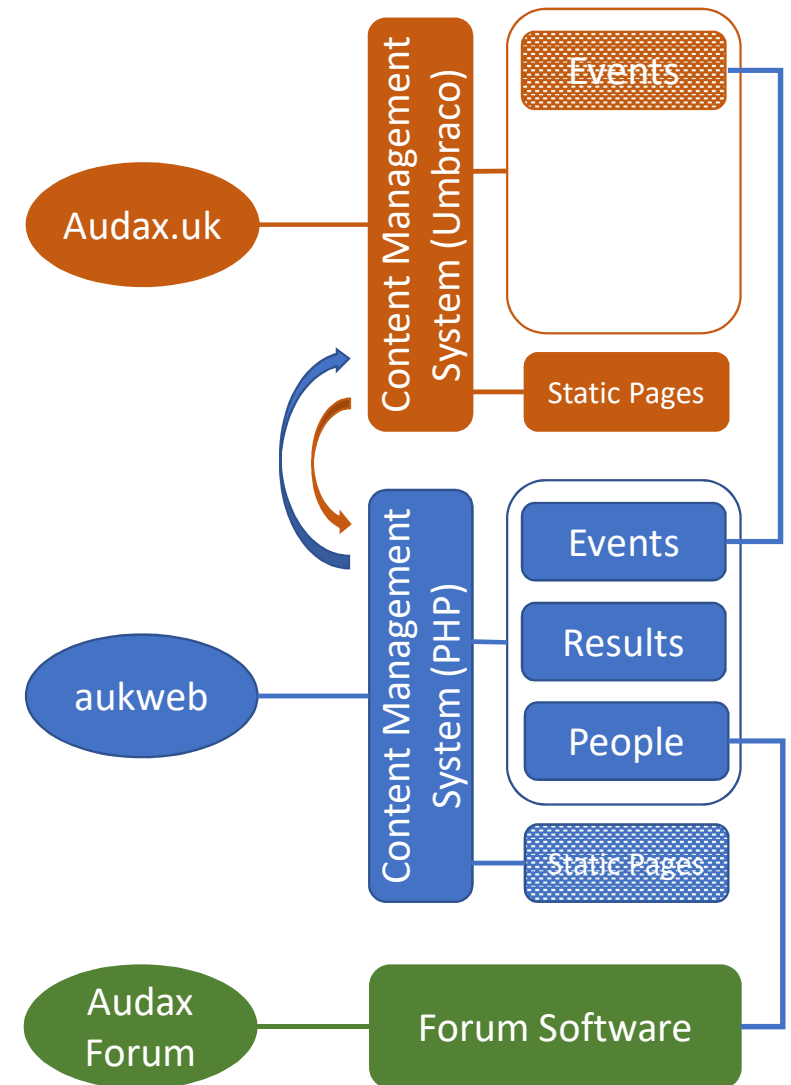

Starting Point (before new website)

- 2018
- Linkage from aukweb to Audax Forum to set Forum password
- Only registered users on the Forum
- Members and Guests use aukweb
- Some member only functions

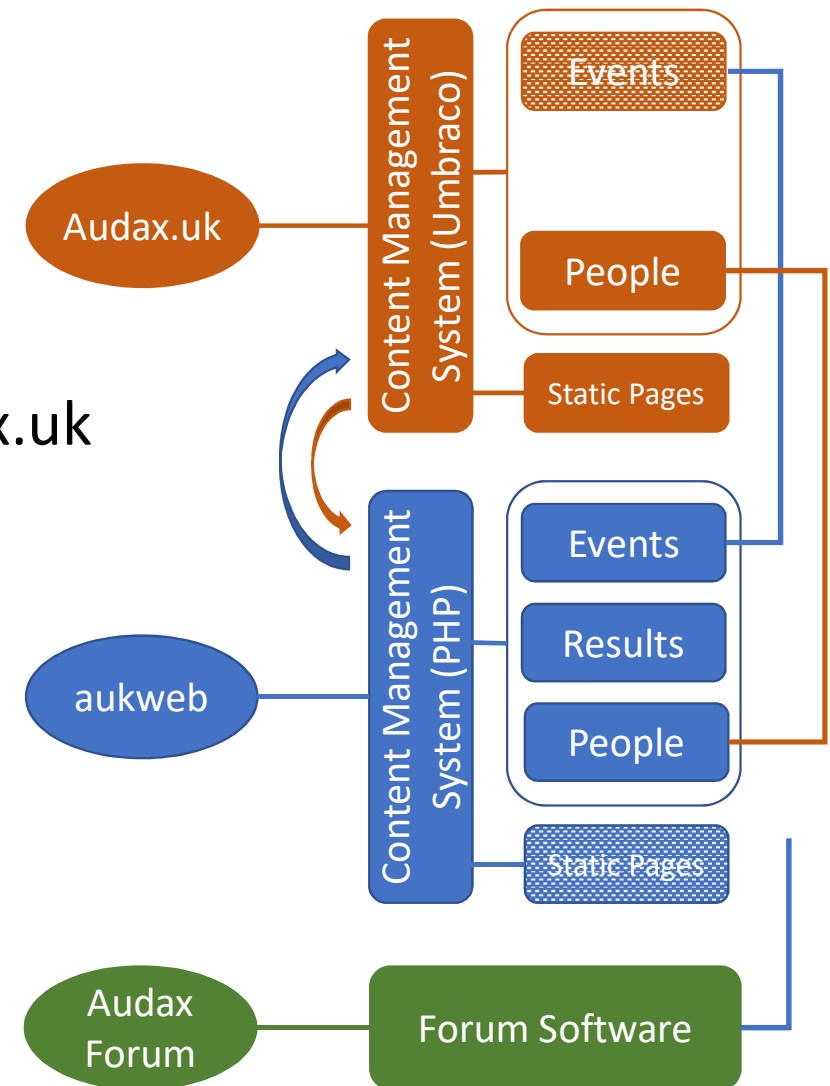

Phase 1 – new front end

- Audax.uk established
- Static pages moved to new site
- List of calendar events
 - Uses Aukweb behind the scenes
- List of permanent events
 - Uses Aukweb behind the scenes
- Links back to Aukweb
 - DIYs and ECEs
 - Results

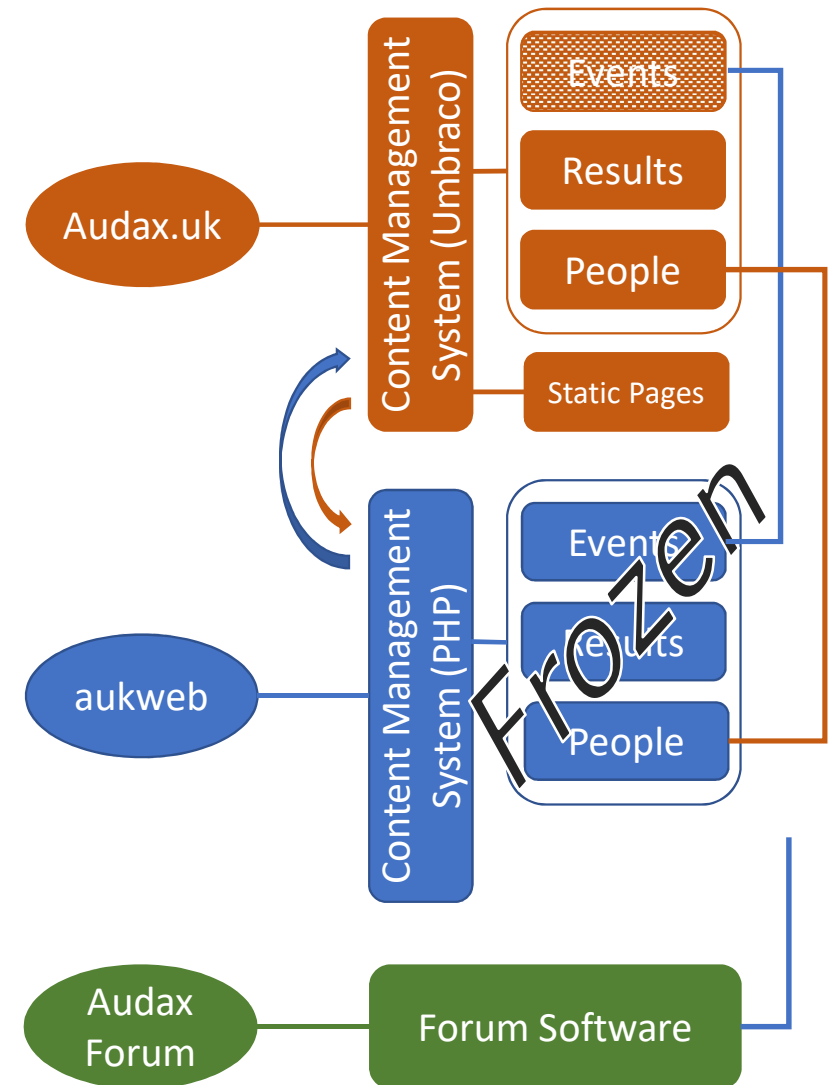

Phase 2 – Membership

- Build new database
- Migrate information from aukweb to audax.uk
- All member admin on new website
- Improved payment processing
- Arrange for synchronisation to support
 - Calendar rides
 - DIY, ECE, Perms
- Support individual event calendars

Phase 3 – Everything Else

- Extend database to include
 - Calendar Rides
 - Perm Rides
 - Results
- Support Event Organiser functions
- Support Event Organiser administration
- Support DIY, ECE and Perms
- Support Perm Organiser administration
- Embed DIY validator

Timing considerations

- Aukweb consumes volunteer effort to keep it running
- Audax.uk consumes money for development
- Spending time clarifying and refining requirements will result in saved development time/effort
- Avoid disrupting year end renewals (December)

Overall Timeline

■
Phase 1

Implementation
complete

■
Phase 2

Implement after the
annual renewal period,
in a 'quiet' time

■
Phase 3

Ideal implementation would be at
end of Audax year, as this would
avoid excessive data translation

More detailed timeline

Changes you will notice (Phase 2)

- Login with email address, not membership number
- Your membership number will no longer have a prefix letter
- You will need to reset your password
- More self service
 - Household member management
- Integration of Direct Debits
- Ability to register without a paid membership
- Restriction of areas of the website to members only
- The link with Audax Forum will be ~~broken~~ different

Changes you will NOT notice (Phase 2)

- Membership administrators will have more time to ride their bikes

Changes you will notice (Phase 3) **PROVISIONAL**

- 'Date last ridden' for Perms
- More consistent event information
- Online entry for under 18s
- Limits on the number of entrants
- Lottery system for over-subscribed events

Futures?

- E-Brevet
- Revised DIY Validator
- Rider reviews and STAR rating for events
- API
