

Regulations for AUK Events classified as Darts (effective from 18th February 2026)

(to be read in conjunction with Regulations for all AUK Events)

1	Darts are calendar events of up to 24 hours duration for individual cyclists but may be ridden solo or as a group
1.1	The organiser defines either: - the start location, with riders providing to the organiser other control details including the finish, or - the end location, with riders providing to the organiser other control details including the start location
1.2	Darts are additionally classified as either BR or BP and adopt the speed & distance limitation of those categories, except that minimum speed will be 14.3 km/h for BR events.
1.3	Rides may be validated using proof of passage from brevet card or GPS.
1.4	Entries may be submitted with a mandatory route or advisory route.
1.4.1	- Mandatory route entries must be by GPS.
1.4.2	- Advisory route entries must be by control points.
1.4.3	- When entering by advisory route the organiser will only agree distances that are the shortest distance between control points.
1.5	Mandatory routing proof of passage is exclusively by means of a recorded GPS tracklog. GPS tracklogs may also be used on advisory routes as alternative to conventional paper proofs of passage.
1.6	Proof of passage must be obtained at the designated finishing point or at the end of the allowed time, whichever is sooner. It is not necessary to reach the designated finish point.
1.7	If entry is made by advisory route distances will be credited from the shortest distance between control points and must be within 20% of the distance agreed at the time of entry.
1.8	If entry is made by mandatory route and GPS proof of passage, distances will be awarded by actual distance ridden and must be within 20% of the distance agreed at the time of entry.
1.9	If an entry is for a group, the whole group must follow the same route as entered.
1.10	AAA points are not awarded for these rides.
